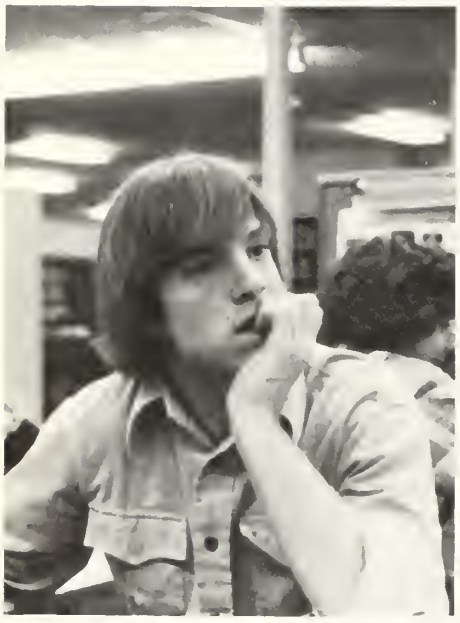
Here Comes 1978

Turners Falls High School

Montague, Mass.

Good Morning yesterday . . .



You wake up,
and
time has slipped
away . . .

Suddenly it's hard to find . . .

The memories you've left behind . . .

The laughter and the tears . . .

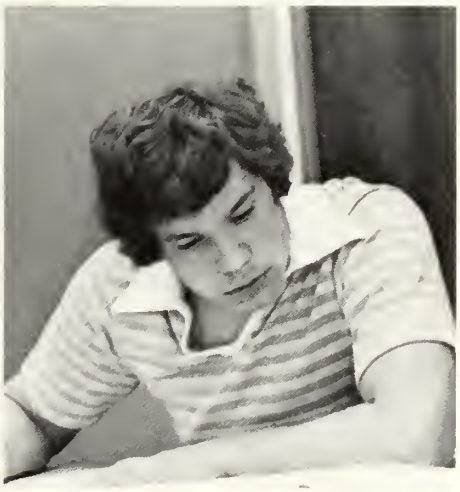
The shadows of misty yesteryears . . .

The good times and the bad you've seen . . .

And all the others
in between . . .

Do you remember the times of your life . . .

Reach out for the joy
and the sorrow . . .

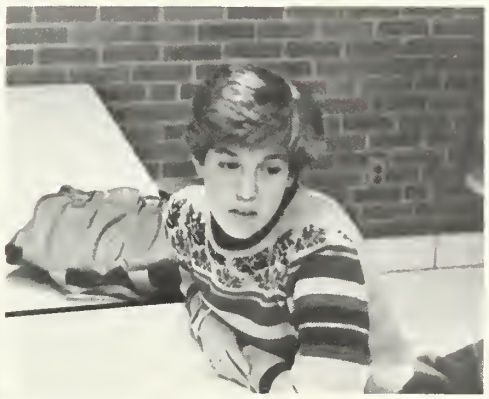


Memories are time that you borrow . . .

To spend when
you get to tomorrow . . .

Gather moments while you may . . .

Collect the dreams you dream today . . .



Do you remember
the times of our lives . . .

Dear library,
Your many attempts in trying to help me with my research has been greatly appreciated! I only wish I had been able to take some of your "art books" out! Keep your pages clean and your shelves straight and, by the way, keep an eye on those two cute librarians. I hear they're very special people!

Love,
Michael

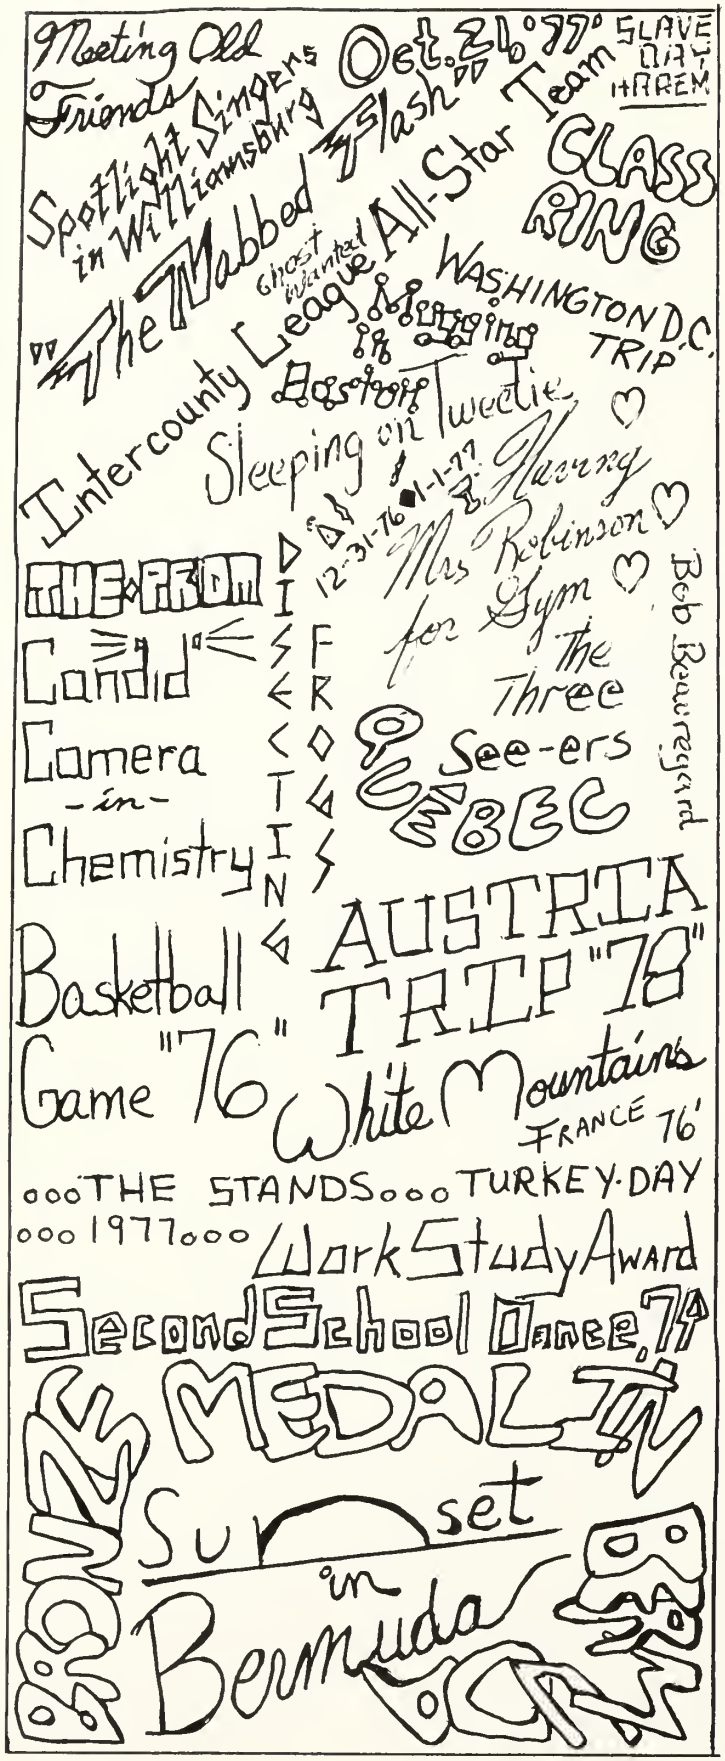
Memorable . . . Class



FRESHMEN 1974-1975

In September of 1974, we walked through the double doors as freshmen. It was a great relief to finally lose the title of Hubie's Raiders, which haunted us through our junior high years. We were now considered and recognized as "high school" students and as freshmen were going to be able to take part.

Booster Day was going to be special, we were finally going to have someone represent our class in the Booster Day activities. The theme for Booster Day was Ecology.

The rally was great and when Shelly McComb's name was announced, as Lady in Waiting, everyone went wild. The parade was a success, but that does not mean our float was.

Remember that huge football player with a little head? Our "Don't Play With Matches Cause Turners Is Dynamite" bombed out!

Remember Slave Day? Remember collecting money from friends so you could buy somebody? It was fun making those big senior slaves wait on us for a change.

SOPHOMORES 1975-1976

The year just began when the ring man arrived. We had to choose committees and ring designs, and take orders. Of course everyone liked our rings but us.

This Booster Day was during the bicentennial year, which was taken as the theme. Victoria Shea received the title of Duchess during the annual Booster Day rally. Can you remember her face? It was as red as the roses! Our float did not do well at all. We never even made it to Avenue A. Do you remember taking down lines? The float was supposed to be "The Liberty Bell," but it looked more like a bicentennial baked potato. What a heartbreak! To top it all off, Jacqui Ryan fell off the float and spent Booster Day in the hospital. It was just not our year!

JUNIORS 1976-1977

Our junior year was to be a busy one. There was money to raise, speeches to learn, and plans to make for our Junior Prom and Junior Prize Speaking.

Booster Day came sooner than expected. Sesame Street was to be the theme. Mary Margola (Maggott) was chosen as Princess. Our float actually took second place! Snuffle was about half

History . . . Moments

the size of our bell. We wanted to make sure that we would at least make it to Avenue A and we also made sure that we didn't have a tobacco truck as our trailer. Snuffle didn't win first but, he came close.

This was to be a good year for the football team. They went undefeated and beat Greenfield for the second consecutive year. Remember the party after the victory?

Junior Prize Speaking was the next big event. Remember all the time spent learning and rehearsing and then forgetting a word or a line? It was fun and exciting and everyone did a great job.

Prom time soon was here. Remember worrying about whether you would get asked and after complaining because you didn't have a dress? The Junior Prom was held at the Sweetheart. "If" by Bread was the theme song. Remember getting ready two hours early so you wouldn't be late? Remember coming home the next morning and not feeling as well as you did the night before when you left? That was some all night party! Before we knew it June was here and we were to become seniors.

SENIORS 1977-1978

Our senior year just began when pictures had to be taken. Remember getting back the proofs and seeing what we really looked like? Remember hoping that they could remove all the blemishes?

This was to be our last Booster Day. The theme was Looney Tunes. Mary Kostanski was crowned Booster Day Queen. Remember everyone yelling out, "That a way to go, Walt!"? Tweetie, our float, was, by far the best float. It's too bad that we only came in third. Oh well, at least we were consistent.

Turkey Day soon arrived. We didn't win! It still was a very good season.

As seniors we were to be the slaves. Everyone had a chance to buy a senior during our Slave Day. We never thought that we would get bossed around by some 4 foot 1 inch freshman. It was a lot of fun to watch our whole class laugh together.

Yes, we were a class and as a class we will leave happy, precious memories. There will always be a part of us at good "ole" T.F.H.S.

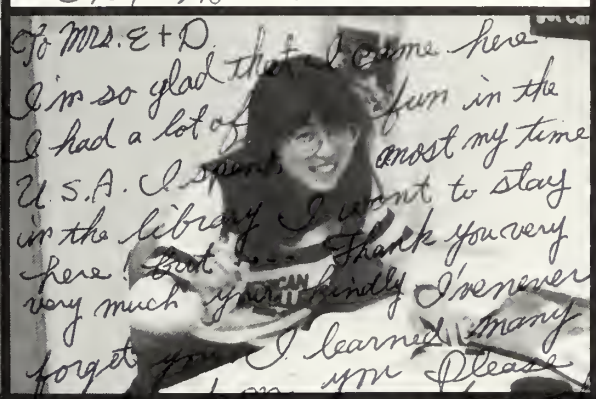
こんにちは! (Hello)



To Mrs. E + D.
I'm so glad that I came here
I had a lot of fun in the
U.S.A. I spent most my time
in the library. I want to stay
here! But... Thank you very
very much your kindly. I've never
forget you. I learned many
words from you. Please
remember me! I hope that
you'll come to Japan!
Good-luck Love Noriko

WE TAKE PRIDE IN OUR COMPANY AND ITS HIGH QUALITY PRODUCTS, BUT MOST OF ALL WE ARE PROUD OF OUR PHILOSOPHY THAT IT TAKES MORE THAN BRICKS, MORTAR AND MACHINES TO BE SUCCESSFUL - IT TAKES DEDICATED EMPLOYEES.

FROM ERVING'S EMPLOYEES OF TODAY - TO YOU THE EMPLOYEES OF THE FUTURE WE EXTEND OUR CONGRATULATIONS AND BEST WISHES TO THE CLASS OF 1978.

ERVING

While you may not think of the town of Greenfield as being world renowned, it is because for over 105 years thread cutting tools and gages have been shipped around the world with the word "Greenfield" imprinted on them.

We are very proud of this fact as it is the high quality of Greenfield tools that has enabled us to make the world GTD's customers. But more importantly, we are proud of the people who make these tools. For over five generations people in this area have been demonstrating their skills by producing a line of thread cutting and gaging tools that are the finest in the world.
